RE: Resource Recovery Certification RR0309  
Classification - R1

Dear Mr. Moore:

This letter is to inform you that the Department of Natural Resources has completed the review of your certified resource recovery facility application form. After a review of your application and the supporting documents, the department hereby certifies, for hazardous waste resource recovery, Niedt Enterprises, Inc. to distill for reuse in cleaning operations spent solvents contingent upon the following conditions:

1. The operator shall comply with 10 CSR 25-9.020 and all plans and processes described in the certified resource recovery application.
2. The operator shall distill only those wastes listed in the application and in the amounts specified.
3. Still bottoms must be disposed of as a hazardous waste at an authorized hazardous waste management facility.

If you have any questions regarding compliance with your certification, please contact Mr. Wane C. Roberts at (314) 751-3176.

Sincerely,

HAZARDOUS WASTE PROGRAM

**CERTIFIED  
RESOURCE RECOVERY FACILITY**

Certification for resource recovery is issued to:

**Steelcote Manufacturing Company**

For the facility located:

**One Steelcote Square  
St. Louis, MO 63103**

CERTIFICATION NUMBER: RR0309

A copy of this certificate must be available at the facility during operation.

This certification is valid from the date signed for a period of two years, in accordance with the Certified Resource Recovery Facility Application Form approved by the department. Only wastes listed in the approved application are to be processed at this facility.

It is understood that the acceptance and use of this certification subjects the operator of the above named facility to the applicable requirements of the Missouri Hazardous Waste Management Law and the rules thereunder specifically 10 CSR 25-9.020.

This certification applies only to resource recovery facilities certified under Missouri's Hazardous Waste Management Law; it does not apply to other environmentally regulated areas.
